

NAFO and NEAFC JDP LDAC

BRUSSELS, 4 April 2017

Legal basis

- In accordance with Article 17 of Regulation (EU) No 1236/2010 of the European Parliament and of the Council, the European Fisheries Control Agency (EFCA) shall coordinate the surveillance and inspection activities for the European Union
- Furthermore, this article provides that EFCA shall draw up, in concert with Member States, a joint deployment plan for Union participation in the NEAFC Scheme
- In accordance with Article 14 of Council Regulation (EC) 768/2005 (establishing the EFCA) EFCA shall undertake an annual assessment of the effectiveness of each JDP, as well as an analysis of risks

NEAFC JDP

- NEAFC first JDP in 2009
- NAFO and NEAFC joint JDP from 2010
- Present NAFO and NEAFC JDP is applicable for 2015-2019
- MS's commitments determined at Steering Group level – FPV days, flight days, inspector exchanges – JDP text reflects MS's commitments

Objectives of JDP

- Ensure the implementation of the NEAFC Scheme by the MS and other CP vessels fishing in the NEAFC R.A.
- To ensure the presence of an EU inspection vessel in the NEAFC R.A.
- To contribute to uniform and effective application of inspection and surveillance measures
- To ensure inspections are non-discriminatory and proportional – equal treatment of all CP's. Equal distribution of inspections across the fleet and CP's
- Training and formation of EU national fisheries inspectors

Objectives of JDP

- Coordination, technical assistance and support to the Union NEAFC inspectors in their duties – EFCA Coordinator can also work as a NEAFC inspector
- Control of compliance with the NEAFC Scheme by vessels operating in the NAFO and NEAFC R.A., including non Union fishing vessels – CP's and non-CP's
- Control of the reliability of catch reporting

Objectives for sea campaigns

Agreed in the Technical Joint Deployment Group (TJDG) meeting in the beginning of every year.

Overall objective:

To conduct inspections at sea in order to verify compliance by EU and other CP vessels fishing in the NAFO RA with requirements of NAFO CEM, and fishing in the NEAFC RA with requirements of the NEAFC Scheme and Recommendations, as well as compliance by EU fishing vessels with any other Union legislation

Training of inspectors

- Annual training of EU NEAFC inspectors in February/March every year in Vigo over 2 days
- Bespoke training carried out in Ireland, UK and Denmark for Navy, Air force and Fishery Inspectors
- Training also conducted on board MS's FPV's during missions
- Organised by EFCA in close cooperation with the Commission
- Delivered by EFCA officials with additional presentations from the Member States. Visit to NEAFC vessel in Vigo to gain practical experience – measuring holds etc.

Training of inspectors

Content of training:

- Presentation of new amendments
- Harmonised approach
- Exchange of experience
- Practical exercises

EFCA Coordinator

On board a EU FPV in the NEAFC RA:

- Full briefing at beginning of each mission and debriefing after mission, training on board if required
- Analysis of fleet, vessel/masters history and current fishing behaviour to determine who to inspect
- Ensure fairness in inspection routine
- Guide inspectors through legislation
- Act as conduit for communications with NEAFC/COM/EFCA
- Briefing and debriefing before and after each inspection – improvements/safety/problems
- Cooperation with other CP (ISL, NOR) FPVs present in area to ensure no overlap

EU FPV Vessels
